

Year 9:

reading cloud

What is expected of you?

As a year 9 student, you are expected to take a more independent approach to your reading. You should continue to read regularly and to develop reading as something that you do for both learning and enjoyment.

As you continue to enjoy a good range of books, you will need to submit one review per term to Reading Cloud.

REWARDS

Every time you submit a successful review, you will receive either 1, 3 or 5 positive points on GO depending on the quality of your review.

PIZZA PARTIES!

At the end of each term, the form group with the most successful reviews submitted will win a pizza party.

READ MORE... REVIEW MORE... EAT MORE PIZZA!

What to include in your reviews:

- A title- choose a title that sums up your feelings about the book.
- A brief plot summary (that doesn't give the ending away!).
- Clear reasons for why you did or did not enjoy the book.

You can write your review in paragraphs or you can organise your review into sections using sub-headings, like in the example below- use this to help you if you are stuck:

Varjak Paw by SF Said: it really is the cat's whiskers!

The plot: *Varjak Paw is a pampered pet cat who knows there's more to life. His family tease him and don't understand his adventurous spirit. He is soon forced to venture beyond the garden wall to save his family from the mysterious and dangerous 'gentleman' and his two evil hench-cats.*

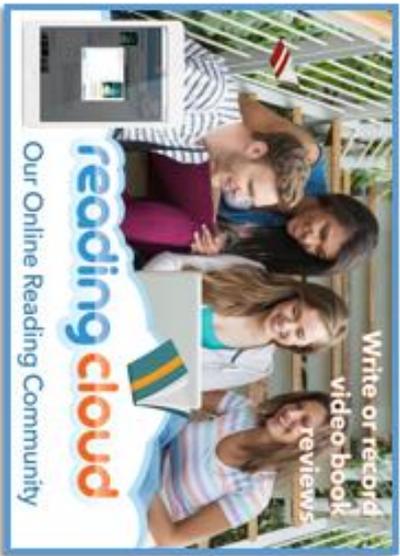

The characters: *Varjak is a plucky little cat, out to learn about life. He teams up with Holly, a city cat who knows the dangers of the mean streets and Tam, a quality sidekick who is always hungry. Cludge is the last member of Varjak's team and is a hero - a big brown dog who strikes fear in those who don't stop to get to know him. In the city the snow white gang boss Sally Bones is truly terrifying, her claws are sharp and her one blue eye sees all.*

Highlights: *Lots- the dream sequences; Varjak's first encounter with 'dogs'; the really gripping and blood-curdling fight scenes. Dave McKean's quirky illustrations were also a real highlight, adding to the atmosphere of menace.*

Any weak bits? *Not really. Even if you don't like cats, you can still enjoy this -it's more about personalities, being small in a big city and there's lots of action.*

Unputdownable? *Pretty much. The book is pacy from the start and once the Gentleman appears, things get a bit dark!*
